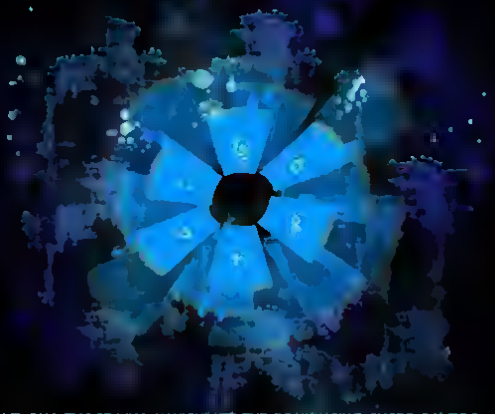
AS SCIENCE PROGRESSED, HUMANS DISCOVERED A NEW GENE MUTATION THAT RESULTED IN EXCESSIVE ENERGY LEVELS. AS SUCH, THE EXISTENCE OF "SUPERPOWERS" ARE NO LONGER COMIC BOOK FANTASIES, BUT THE NEW REALITY OF THE WORLD.



WE CALL THOSE WHO MANIPULATE THE BRAIN USING SUPER POWERS

ESPERS.

SINCE THE EARLY 19TH CENTURY, ESPERS HAVE PLAYED AN IMPORTANT ROLE,
AND COUNTRIES ALL OVER THE WORLD HAVE EQUIPPED THEMSELVES WITH TEAMS OF ESPERS.
HOWEVER, WHEREVER THERE IS LIGHT ALWAYS EXISTS SHADOW, AND SOME TOOK ADVANTAGE OF THEIR SUPER POWERS TO CARRY OUT ILLEGAL ACTIVITIES.
ALTHOUGH COUNTRIES COMPETED AGAINST EACH OTHER, THEY BANDED TOGETHER TO FACE THE THREAT OF DARKNESS, WHICH HAS CONTINUED TO THE PRESENT DAY....

Chapter 1

WOOO, and we finnaly release this, as I'd been holding it utill I got contributor. This and Difu both were lying in wait for that. Now that I'm contrib, our reader uploads won't be delayed~

But yea... this chapter was pretty broken up who did what wise. But, this series will be all Mcriceyy starting Chapter 4, except for some of the more brutal redraws. You guys can enjoy his 1337 TS skillage(way better than mine). Other than that, the first 4 chapters are using mid-quality raws. We start using HQ raws on Chapter 5, which we're yet to complete. We'll be releasing 4&5 together, and after that, this series will follow a "we'll release it when it's done" schedule. Because the translations and redraws are both difficult, that'll probably be around bi-weekly or something.
